

Environmental Policy

EHL Electrical is a general Electrical Contractor providing electrical services to domestic and commercial customers.

We are committed to:

- Promoting the use of low energy / energy saving products wherever possible.
- Complying with applicable environmental legislation and any applicable other requirements.
- Ensuring openness of our environmental activities with all stakeholders including partners, customers, suppliers and regulators.
- Ensuring a high standard of behaviour at installation sites.
- Working with our customers to promote ways of reducing their energy consumption where practicable.
- Minimising waste to landfill through reuse and recycling where possible.
- Minimising our own energy usage at all times.
- Reducing pollution wherever possible.
